

## PINNACLE PRACTICE AWARD

# About TCPI and Compass PTN:

The Compass Practice Transformation Network (Compass PTN) was founded by the Iowa Healthcare Collaborative and partners across Georgia, Iowa, Kansas, Nebraska, North Dakota, Oklahoma and South Dakota as part of the Transforming Clinical Practice Initiative (TCPI).

The TCPI is a national initiative funded by the Center for Medicare & Medicaid Innovation (CMMI) to support primary and specialty clinicians in achieving sustainable and quality care practices that will:

- Improve health outcomes for patients
- Improve care coordination through connectivity
- Better engage patients and families in their care
- Improve patient, clinician and staff satisfaction
- Reduce the overall cost of care

Through coaching, mentoring and assisting in the identification and development of core competencies necessary to transform clinical practice, the Compass PTN will position clinicians to meet quantifiable improvement outcomes, achieve the Triple Aim and thrive in the value-based environment. In addition, this assistance will help clinicians and practices prepare to participate in shared savings and other pay-for-value programs.
