

A BETTER KIND OF CARE

MULTI-SPECIALTY
INDEPENDENT
PATIENT FOCUSED

(608) 233-9746

4410 REGENT ST • MADISON, WI 53705

JOIN THE AP FAMILY TODAY!

So... why Associated Physicians?

01

CONVENIENT

We offer several specialties and additional services all under one roof. No more driving around town to different appointments. We are a one-stop shop. We're also open for urgent care appointments on Saturdays!

02

CUTTING EDGE

We utilize some really exciting, state-of-the-art technology and are always adding more. In fact, we were the first in the area to offer many of our super cool tools and gadgets!

03

COLLABORATIVE

Our independence, and intimate structure allows us to care for our patients in the way they deserve. We let YOU take the lead with your healthcare and provide all the resources and support you need to help you achieve your goals.

04

JUDGMENT FREE

It is our continued goal to create a welcoming clinic environment where all walks of life feel safe, represented, and valued. We believe that an environment built on diversity, equity, and inclusion (DEI) is a considerable strength and as our community evolves, it is our duty to evolve with it!
